FEATURE BIKES

Feature bikes will be good, collectable, (about \$2000 or more in value) motorcycles consigned without reserve. We will provide early spots in the auction, and special advertising. Sellers should pre-consign before February 1st and guarantee to bring the bike to the auction. We need to have the bikes at the Edmunds Center no later than 11:00 am on Thursday for placement and evaluation. Feature Bike consignors can take advantage of early registration on Tuesday, March 8th starting at 1:00 pm.

TIPS FOR SELLING

Consign your motorcycle early so we can advertise it for you. Send us a photo or two using a neutral background—like a white garage door. We will have information cards available—does the bike run now? Did the bike run when you parked it years ago—and so on. Bring your bike to the Center as early as possible, as buyers will be inspecting the motorcycles they want to consider buying. Remember, too, that the earlier you bring your bike in—the earlier number and placement in the sale it will have. Don't forget to leave the key in the bike so we can run it for the buyers.

SELLERS—CONSIDER THIS

Our sales rate has been well over 85% for years! This sale is an international event with buyers coming from all over the world. Our buyers bid with the confidence that they are buying at fair market value. **Consider registering your bike unreserved.** We will green tag it—this lets the buyers know that they can buy your bike at fair market value. **Unreserved bikes always draw more interest and more bids,** plus you also save the consignment fee. If we receive your consignment before February 1st we will be able to advertise your bike as selling unreserved—attracting more buyers.
